

Details on Activities of TG BEM

[EuMCE 2019](#) – European Microwave Conference in Central Europe
Prague Congress Centre, Czech Republic
13-15 May 2019

In the framework of the conference EuMCE, our TG has proposed the following special sessions:

- Special Session 1: Phantoms for Biomedical Applications at MW Frequencies
(Session Organiser: Marco Pasian, Univ. of Pavia)
- Special Session 2: Planar and On-Chip MW Devices for Biomedical Applications
(Session Organiser: Michal Cifra, Czech Academy of Science)
